

## **EVENTS**

Dances, picnics, campouts, and special speaker meetings are but a few of the events put on by this subcommittee. Activities like these both provide a greater sense of belonging and camaraderie among MA members, and produce additional district income. It should be kept in mind that these activities are designed to enhance MA's primary purpose of carrying the message to the marijuana addict who still suffers, and do not replace meetings. Fund raising should not take the place of group contributions in funding the District, but rather supplement these contributions. For MAWS policy regarding events and fund-raising, see Chapter 13.
